

## Riesling Urgestein 2023

Around Schrottenthal there are gentle hills shaped by primary rock. This is the granite rock of the Bohemian Massif, which was formed around 600 million years ago. We planted our Riesling vines on these soils because they produce elegant and mineral wines. Our local Riesling wine.

- › Complex scent of flowers and stone fruit, mineral-tinged herbal spices, delicate smoky hints and lively acidity, an elegant, stimulating Riesling that makes you want to take another sip.
- › Goes well with grilled fish and seafood, as well as wok dishes, sushi and sashimi.

---

### Technical data

100% Riesling  
Austrian quality wine  
dry  
Handpicked in mid-October  
up to 12 hours of mash time  
19° KMW, pure yeast  
Expansion in steel tank  
Screw cap  
Alcohol: 12.5% vol  
Acid: 7.1 g/l  
Residual sugar: 5.5 g/l
